Final - Zurn Pex, Inc.'s Response to 104(e) Request for Lusher Street Groundwater Contamination Site.PDF

Attached, please find a copy of the narrative portion of Zurn Pex, Inc.'s response to EPA's 104(e) request for the Lusher Street Groundwater Contamination Site. The narrative and CD containing an appendix with responsive documents were placed in the mail today and should be in EPA's possession by Monday.

We appreciate EPA's courtesy in granting us an extension to respond to this request. If you should have any questions or concerns after reviewing our response, please do not hesitate to let me know. Thanks!

(Lusher Street Groundwater Contamination Site) [QBLLP-ACTIVE.FID30770647]

I wanted to write to clarify that the request for the extension we discussed over the phone was for July 8. I mistakenly typed June 8 in my prior email. Please confirm that the extension is until July 8. My apologies for the inconvenience.

- Raphael.

The additional extension is fine with EPA. We look forward to receiving your client's response.

Subject: Request for Extension of Time to Respond to 104(e) Request (Lusher Street Groundwater Contamination Site) [QBLLP-ACTIVE.FID30770647]

Mr. Quadri,

I am writing on behalf of Zurn Pex Inc. (Zurn) regarding Zurn's response to the CERCLA 104(e) request in connection with the Lusher Street Groundwater Contamination Site. EPA previously granted Zurn a 30-day extension that moved the due date for the request to Friday, June 24. We are diligently preparing our response to that request, but have since encountered some delays in obtaining some relevant documents from other facilities and would appreciate it if EPA could provide us with another extension. If EPA could move the response deadline to June 8th, we would greatly appreciate it.

If you have any concerns regarding this request or have any questions, please do not hesitate to let me know. Thanks!
